CURRENT POLITICAL, SOCIAL and ECONOMIC CRISIS in Sri Lanka

Dear Sir,

Sri Lanka had very close bilateral relationship with Russia for centuries and we know that Russia had been a sincere friend of Sri Lanka and contributed for the development of Sri Lanka by various ways and means in recent past.

We highly appreciate the commitment and honesty of your country which has been a true friend, and helped Sri Lanka unconditionally, in several difficult situations when the Western Front had tried to victimize our country by making false allegations at the United Nations Human Rights Commission.

With reliable information, we heard that Russia has extended the hands of friendship at this dark hour of Sri Lankan people by offering an Economic package including supply of Fertilizer, Crude Oil and Gas at concessionary rates.

We really appreciate this genuine move and grateful to the Russian Federation for your sincere commitment.

We, as Professionals representing Patriotic Organizations of Sri Lanka are ready to intervene with you in this dialogue and pressurize Sri Lankan Government to develop cordial relationship with Russian Government, to make this a reality.

Your cooperation in this critical situation is greatly appreciated

Thank you

Ven. Jamburewela Chandraratana Thero,
Chairman,
Peoples Responsibility Center.

Dr. Colton Fernando,
National Organizer,
Peoples Responsibility Center.
0777370990.

Wasantha Alwis,
Convener,
Peoples Responsibility Center.
